San Diego County Naturalist

Where having fun is natural.

COUNTY OF SAN DIEGO
PARKS AND RECREATION

PASSPORT

	
	
2 Stamps	

----- fold #1 -----

Your journey has begun! The Environmental Education and Passport Program makes it easy to learn about and explore San Diego's unique outdoors and become an official Naturalist.

Follow these four simple steps to successfully complete the Passport Program...naturally!

-  Download your Passport online at www.sdparks.org or pick one up at one of our participating parks.
-  Check the Program Guide schedule online for activities to participate in that will help you earn your stamp.
-  When you visit our participating parks and take part in an organized environmental education program, you will earn a stamp from one of our Rangers.
-  Once you have obtained at least six stamps from six different programs, give your passport to a Ranger and you will receive your vehicle sticker and certificate of completion naming you an Official San Diego County Naturalist.
