

## YOUTH ACTIVITIES

### Growing Gourmets: Cooking Series for Kids!

Growing gourmets will have the opportunity to cook and have fun in the kitchen. They will be introduced to cooking vocabulary and techniques, tools and utensils, basics of etiquette, nutrition, kitchen safety, and new foods! At the end of each series student's will bring home their cookbook that they have compiled in class. What will your child be doing in class? Learn to prepare and cook fresh food, learn to follow recipes, learn about kitchen safety and hygiene, have lots of hands on experiences, communicate with other children, prepare a booklet of food and cooking activities, gain confidence and new skills, and the class provides a wonderful outlet for creativity and a chance to have FUN! The skills and learning abilities that kids develop in the classes include: Sensory learning: tasting, hearing, smelling, and seeing. Motor skill development: hand, eye, mind coordination. Mathematical concepts: counting, measuring, and following directions. Safety: using equipment safely and developing sound hygiene habits. Social skills: working with others, sharing, and learning to cooperate. Language skills: lots of new words and communication experiences. Children also develop time management skills and a better understanding of nutrition.
