SAN LUIS REY MASTER PLAN UPDATE

From: Mark E. Massen, Project Manager, County Parks and Recreation

To: All parties and individuals interested in the San Luis Rey Master Plan project

Since the March 2007 update, ongoing coordination continues with Caltrans on their SR-76 expansion project. It is County Parks and Recreation's intent is to make sure that our master plan compliments what Caltrans intends to do with the highway, while minimizing delays to both agencies project schedules. Pursuing the acquisition of lands within the Master Plan and completing the Programmatic Environmental Impact Report (PEIR) continue to be County Parks and Recreation main foci. Schedule for release of the PEIR is still scheduled for the August/ September timeframe. During public review and meeting Parks and Recreation will present and discuss the PEIR. From late Fall 2007 to early Winter 2008, Parks and Recreation will request County Board of Supervisors approval of the final Environmental Impact Report and Master Plan.

Thanks for your continued interest and support of this project. The draft Master Plan document is available using the following link; <http://www.co.san-diego.ca.us/parks/projects.html#slrdraft>

And if you have questions regarding the San Luis Rey Master Plan project you can phone me at 858-966-1351 or by email at mark.massen@sdcounty.ca.gov
